

The design package handed over to the client included not only the opening sequence but all other necessary assets...

... like several name title animation templates, editable map template with custom text fields and customizable transition sequence. Additional still images are on the next pages.

A large, reflective sphere is the central focus, containing the word "osoon" in white lowercase letters. The sphere's surface is highly reflective, showing distorted, rainbow-like reflections of the surrounding environment. The background is a soft-focus landscape featuring a body of water, a line of trees, and a bright light source on the horizon, creating a serene and ethereal atmosphere.
