

# Lahenduse kirjeldus

Kui me Nutriestiga maha istusime, et uuest kodulehest ja brändist rääkida, sai üsna kiirelt selgeks, et järgmist *cowboy* stiilis lahendust tegema ei hakka. Samuti selgus mitmeid üsna elementaarseid põhitõdesid, millest uues e-poes kasu oleks.

Kuna Nutriesti brändis leidub vihjeid nii NASA tehnoloogiale kui Tartu maheveisele, siis tõime e-poodi ka visuaalseid komponente, mis emotsiooni edasi annaks.

Lihtsustasime koostisosade leidmist, tootemaduste väljatoomist ja vaatasime, et müüke toetavad hinnangud maitsekalt välja tuleks.

Tänu uuenenud struktuurile saab SEO särada ja Nutriesti leht tuleb otsingutes hästi esile.

Disainides ei ole kasutatud peaaegu ühtegi standardset lehestiili või paigutust ja kogu visuaal sai detailideni läbimõeldud.

## INCLUDES LAB-TESTED NATURAL NUTRIENTS WITH PROVEN HEALTH BENEFITS:

### VITAMIN B1

Vitamin B1 (thiamin) is important for the normal metabolism of carbohydrates. It helps in the breakdown of carbohydrates to produce energy. Vitamin B1 is important for the normal function of the heart. It helps in the production of energy that is required for the heart to function properly. Thiamin helps in the production of neurotransmitters, which are chemicals that transmit signals in the brain.

### COPPER

Copper is essential for the normal metabolism of energy in the body. It helps in the production of ATP, which is the primary source of energy for the body. Copper plays a crucial role in the normal functioning of the immune system. It helps in the production of white blood cells in the bone marrow, which are responsible for fighting infections and diseases. Furthermore, it contributes to the proper transport of iron within the body, preventing immune and blood deficiencies.

### IRON

Iron helps to form and oxygenate our blood cells and haemoglobin. Haemoglobin's primary role is to transport oxygen from the lungs to body tissues to maintain basic life functions. Iron plays a vital role in the process by which cells make energy. This powerful mineral is also essential for cognitive function, including memory, problem-solving, concentration and learning.

# Liikuvad pildid ja videod

Kuigi Nutriesti klient on üsna teadlik oma valikutes ja võiks langetada otsused puhtalt teadmiste pealt, siis usume, et emotsioonil on alati oma võim ostuotsuste tegemisel.

Tänaseks üks enim kiitvat tagasisidet saanud lahendus on unikaalsed 360-kraadi pöörlevad tootefotod, mille 3D tegemisel me hoolikalt silma peal hoidsime.

Samuti ei jää märkamata avalehel lendlevad pudelid või maskide sees toimetavad rohumaaveised ning animeeritud tiitlid.
