

Bolt Christmas 23

Every year, Bolt's Christmas party is all about making a traditional celebration new and exciting. Essentially, it's like organizing the same themed party in a new and surprising way each year, always from a fresh perspective.

This year, we introduced "**Bolt Christmas Story**," a special event split into three parts. Each part had its own look, feel, music, and food, making the whole evening a journey through different worlds, all tied together with stunning dance shows.

3 Acts of the night

Act 1

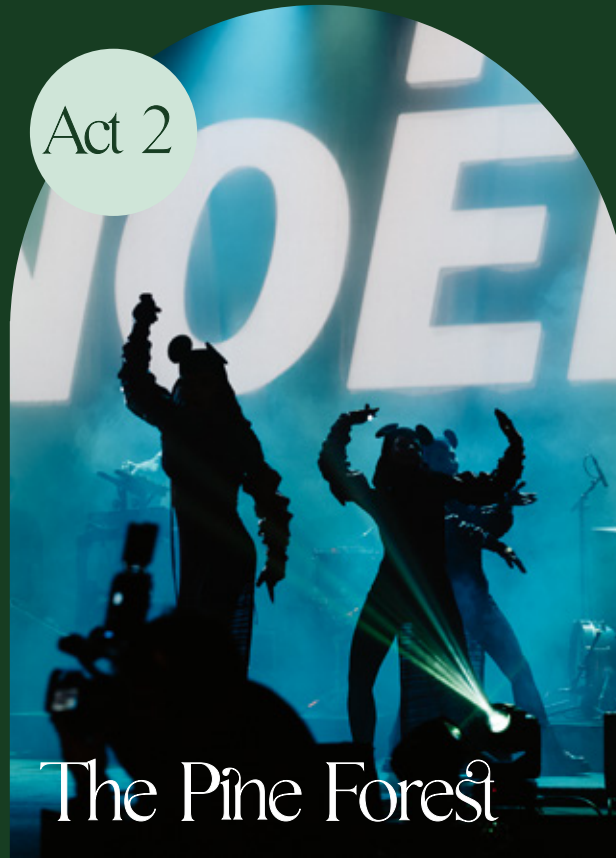

The Stahlbaum's home

Atmosphere: Warm, with a Christmas vibe using yellow, orange, and red lighting. The ambiance was set with upbeat, cheerful music.

Food & Drinks: A home-style buffet, with servers adding a touch of red to mirror the Stahlbaum family's warmth.

Program: A cozy gathering reminiscent of a home Christmas party, featuring a special "Stahlbaum photo studio."

Act 2

The Pine Forest

Atmosphere: A mysterious, darker setting with cold-colored lighting and an electronic, edgy soundtrack.

Food & Drinks: Warm Christmas fare continued, served by staff wearing dark green.

Program: An entrancing welcome into the Pine Forest by NOEP and the opening of a Karaoke room.

Act 3

The Land of Sweets

Atmosphere: A burst of colors and energy, illuminated in white, pink, and yellow lights with dance music background.

Food & Drinks: A mobile sweets table, artfully decorated to the theme.

Program: Featuring Cartoon as the main act and the surprise opening of the Kaleidoscope photo area.

Putting together this event was a big challenge, as it was like planning three different parties in one night. As a result, we were able to create a special, theater-like experience. Guests got to enjoy the Christmas spirit in three unique ways, filled with surprises that kept them excited all through the evening.
